August 2017**

Reminder

All courses are closed
From 8pm to 6am until
17 Sept for a bat survey

The next round of the Club 3D Championships are on Saturday 26th August. There will be a BBQ, so please make sure that you have replied to Andy's email

The dragon and knight are now out on Blue 16

Last month some club members went around all the courses picking up any rubbish. We are very pleased to say that we collected less than a carrier bag full. Looking at the rubbish, most of it had obviously NOT been dropped by club members, but was left by previous tenants of the woods.

Well done everybody for keeping your woods clean.

The club has recently purchased enough foam sheets to make 30 new bosses. These bosses will be used as backstops to some of the 2D and 3D targets. Will will also replace any old existing bosses that are coming to the end of their life. The rest will be used to create new targets. We will need help carrying the foam (and wood for the stands) from the parking area to the containers. Keep an eye out for an email giving you the date.

The public consultation on the Arundel bypass starts 21st August. Some of the proposed routes go through our woods. There is a petition against those routes on the shed if you wish to sign it.
