

**Ratpack Archers
Newsletter
October 2017**

**Next Club Champs 3D
shoot – Saturday 25th
November**

You only have until the 16th October to object to route 5A of the proposed Arundel Bypass. If Route 5A goes ahead, it will totally destroy most of our woods, and Ratpack could be forced to close. You can either object by using the forms which are on the green shed, or by going to www.arundelbypass.co.uk

and clicking on the Highways England link.

There is also a demonstration organised by the Binsted residents taking place on Sunday 8th October at 1pm.

We need to participate in this so we will meet at our parking area at 12:30pm

All the new bosses have arrived, been built and put out on the courses. Thanks to all those that spent an entire weekend working on them. A special thanks goes to John who brought his ATV and using Andy's trailer towed all the bosses from the road and placed them on the courses.

Our new fun target behind the kitchen container

Recently a target on the Green Course was vandalised. It became obvious that it had been done by a club member. If any member is found to have deliberately damaged a target or any other club equipment, they will be asked to leave and will be reported to the NFAS.
