Paint Needed

If anybody has any old tins of Kitchen / Bathroom emulsion paint (i.e. Waterproof and Hard Wearing) in bright colours that they no longer need, please see Peter who will use them when painting targets

Upcoming Local(ish) Shoots

14 August – Fleet IbeX
04 September – Aurora
04 September – South Wilts
11 September – Company of 60

Other News

Reminder – smoking is not allowed on any of the courses. You can only smoke in the area around the containers. Please put your cigarette butts in the ashtrays provided or in the fire drum - not on the floor.

Blue course will be the next to be re-laid and initial planning is underway.

Some targets are being “tweaked” to make life more interesting and save trees which are being constantly hit. Because we have sufficient spare targets, as soon as one is damaged it is being replaced with new ones so you may not be shooting at a target you are used to.

Congratulations

Kim Lea who won the Ladies at the Bodnik UK Bowhunter Challenge beating various archers from the UK and overseas.

Scoring was plus points for a kill.

MINUS points for a wound and zero points for a miss.

A lot of the targets were small including a fish under the water. In the head to head for the overall tournament champion she lost in the second heat to Jed Cullen

Names on Arrows

You are getting very good at putting your names on the arrows. Can we now implore you to check the bucket and remove your found arrows. Otherwise we may need a bigger bucket.
