Juniors £10**

Hi all, hope you are well.

The barn on green course has been sold, so work will be on going for a few months. The course has been slightly altered to cater for the loss of land. A fence will be erected around the new larger plot. I have agreed with the owner that all targets will shoot parallel or away from the property to improve safety to the barn. The tweaks will hopefully be done and the course reopened by the time you receive this letter.

Mr. Wishart has said that we will require a lease. He has said he will pay half the cost. I see our options as accept and stay where we are or decline and move elsewhere. So I have said we will go for the lease.

If we moved assuming we could find somewhere the probable increase in rent and moving costs plus a possible lease would exceed our current costs plus lease.

This would mean putting money aside for future lease renewals (amount yet to be determined) .

In closing (this really exciting newsletter), I will keep you all posted as we move forward to summer and hopefully open shoots, BBQ and freedom.

Keep well, stay safe and when the time comes squeeze as much archery in as you possibly can.

Andy
